

# School Council

**Date** 20.10.17

**Time** 1.00

## Minutes

At the previous meeting, the School Council created three designs. I asked them to speak with the pupils in their class and vote for the one they like the best.

The pupils had the results at the meeting - bench number 3 received the most votes.

One pupil stated that we could have 'Playground Buddies', and another pupil stated that we could have a book that people could write in if they are lonely. We took a vote; it was a unanimous decision. The pupils would like to have 'Playground Buddies', who would wear a tabard.

I informed the School Council that the fence will be painted during half term (weather permitting).

### **Actions**

- The School Council members will discuss 'Playground Buddies' with their class. When will they be outside? What will they do?
