

Art

INTENT	The intent of our Art curriculum:	<p>It is our children's entitlement to be able to share and express their individual creativity, independence, resilience, and self-reflection. It is our intent to provide all children with the fundamental skills, techniques and knowledge needed to independently create their own unique drawings, paintings, sculptures, and crafts. We want our children to have a natural sense of wonder and curiosity when studying a wide variety of artwork. We empower children to discover great artists that will enable them to explore their own and other's cultural heritages.</p> <p>At Caedmon, we want our children to see the enjoyment and satisfaction in the process of producing art. It is through the children's personalised experience of art that we enable the children to feel safe, secure, and happy, to produce their most creative work.</p>

<p style="text-align: center;">IMPLEMENTATION</p>	<p>The experiences your children will receive:</p>	<p>Our Art curriculum provides a clear and comprehensive scheme of work that shows progression of skills across KS1 and KS2 within the different strands of Art. Children are given opportunities to present their sense of vision through observation, experimentation and illustration. Pupils are encouraged to use their imagination through a wide variety of media and manipulative skills are developed. Topics are covered through the key concepts of:</p> <ul style="list-style-type: none"> • Drawing • Painting • Sculpture • Knowledge of Artists and Movements <p>Children present their work in sketchbooks that follow them through school from Year 1 to Year 6. Where appropriate, we use workshops, exhibitions and local trips to deepen the children's understanding and enjoyment of this subject. Our Art gallery displays work that our children are proud of in a central place in school.</p>
<p style="text-align: center;">IMPACT</p>	<p>By the end of their time at Caedmon Primary, we hope our children:</p>	<p>Will experience a broad, balanced Art and Design curriculum, with an emphasis on the development of understanding and skills in art and design and be given a wide range of opportunities to express themselves creatively. We hope our children begin to develop awareness of the emotional impact the arts have on themselves and on an audience and that they will be able to draw conclusions and make comparisons of art across the globe.</p>
